About FMD Financial

Health, wealth and happiness is what most of us want from life. With years of experience behind us, we know good health is a gift and happiness is borne out of individual triumph and endeavour. But wealth – now that’s our business. As your very own financial coach we take responsibility for building and managing your wealth – leaving you more time for living.

A PROVEN ADVICE PROCESS AND TRANSPARENT FEES

FMD provides professional financial advice to a wide variety of clients. We aim to understand your current financial position and plan your next steps.

Established in 2001, we’ve helped busy executives, business owners and successful families achieve their goals and live their best life in retirement with the benefit of professional financial advice.

Achieving your financial goals is about taking action on the things that you can control and keeping an informed eye on the factors beyond your control. We want you to experience the confidence that comes from seeking professional financial and investment advice. So, we’re committed to being open and transparent about our fees and what you can expect from our advice process.

Step 1. Understanding your needs

Assess your situation against FMD’s six pillars of advice, including goal setting, income & budgeting, assets & debt, superannuation, insurance and your financial legacy. Discussions with a qualified FMD adviser are ideally face to face or via video call.

Step 2. Developing a personal plan

Receive an outline of the scope of our advice and fees in a Letter of Engagement. Thereafter, a personalised plan (called a Statement of Advice) will be produced, detailing your current position and the recommended strategies for achieving your goals, whatever they may be.

Step 3. Implementing your personal plan

Once you accept our recommendations, we’ll set-up the agreed strategies on your behalf and regularly keep you updated with our progress. Having a financial plan brings a great sense of peace and control.

Step 4. Ongoing investment & advice service

Breathe easy knowing your FMD adviser will be with you every step of the way as life, financial markets and legislation changes. An FMD adviser is like a coach, managing change and keeping you on track.

ABOUT THIS FINANCIAL SERVICES GUIDE

FMD Advisory Services Pty Ltd (FMD) ABN 39 077 376 017 holds an Australian Financial Services Licence (AFSL number 232977) issued by the Australian Securities and Investments Commission.

In this document the terms ‘we’, ‘us’ and ‘our’ refer to FMD Advisory Services Pty Ltd, its employees and Authorised Representatives (AR) including FMD Financial Pty Ltd (CAR number 1242036) and FMD Financial (Qld) Pty Ltd (CAR number 315352).

This Financial Services Guide (FSG) provides you with important information about us and our Authorised Representatives to help you make an informed decision regarding using any of our services. There are two parts to the FSG. Part One provides you with details about our business while Part Two is the Adviser Profile. Please ensure you read both parts before making any decision based on our advice and if you would like more information or clarification, please ask us.

NOT INDEPENDENT

FMD is not independent as we are entitled to receive commissions for the advice we provide on life risk insurance products and we are partially owned by Ironbark Asset Management Pty Ltd which issues a range of financial products that we may recommend in respect of the provision of the financial services to clients.

THE PAPERWORK

When it comes to financial advice there is a lot of paperwork and jargon, but we hope the list below helps you understand the documents we may provide to you throughout the process:

Letter of Engagement (LoE)

Before we start any work that will result in a charge to you, we will give you a Letter of Engagement that sets out the scope of the advice and the cost to prepare your advice for you to agree to.

Statement of Advice (SoA)

The SoA contains all of our detailed advice recommendations along with the basis on which it is given and all the information about our fees and other information that is important to know when considering if you should act on our advice. We will provide you with a new SoA if your circumstances have changed or a different type of financial product is recommended to you.

Record of Advice (RoA)

If we provide further advice to you, we may provide this verbally or in writing via a Record of Advice (RoA). If we seek your approval, you can usually provide your response in person, electronically or verbally. We will also tell you about any fees or commissions relating to the advice.

When responding to advice, you may specify how you would like to give us instructions, for example by telephone, email or other means. You can request a copy of your advice by contacting us within 7 years of that advice being given.

Fee Disclosure Statement (FDS) and Renewal Notice

If you enter into an ongoing fee arrangement with your FMD adviser, you will receive a Fee Disclosure Statement (FDS) each year. This will contain a summary of the services you were entitled to receive, the services you received, and the advice fees you paid in the period.

You will also be required to renew your ongoing relationship and service with us on an annual basis by signing the Renewal Notice form as part of the FDS notice.

Ongoing Service Agreement (OSA)

When we introduce our ongoing service to you, we will provide you with an Ongoing Service Agreement. The OSA outlines the terms and conditions of our service, the services we agree to provide to you throughout your service period and the costs relating to those services. How you can pay for our services and how you can terminate your OSA are also included.

Product Disclosure Statement (PDS) or Investor Directed Portfolio Service (IDPS) guide

If we make a recommendation to acquire a particular financial product (other than securities) or offer to issue or arrange the issue of a financial product, we must also provide you with a Product Disclosure Statement (PDS) or Investor Directed Portfolio Service (IDPS) guide, containing information about the particular product which will enable you to make an informed decision in relation to the acquisition of that product. These documents are often very long, so we typically provide access online via a secure website.

Managed Discretionary Account (MDA)

A Managed Discretionary Account (MDA) Service allows us to manage your portfolio in line with an agreed Investment Program, without seeking prior approval for portfolio changes. If we offer you an MDA service you will be provided with an SoA that will also contain an MDA Contract, an Investment Program that is relevant to your individual circumstances and an annual suitability review each year.

Investment Program

If you invest via an MDA, you will be provided with an Investment Program. This document will outline how the MDA will be managed, in line with your agreed preferences.

HOW WE ARE PAID

All fees and commissions are payable to FMD, not your adviser. FMD advisers are paid an annual salary and may be entitled to other employment benefits. For further details of your adviser's remuneration see Part 2 of this document. Fees stated in this Guide include 10% GST.

We will normally agree any fees with you in advance and in writing.

Initial advice fees

Typically, a minimum fee of \$3,080 and a maximum of \$13,750 may apply for Statement of Advice preparation.

Ongoing advice fees

Our fees may be determined by one or a combination of the following:

- *A fixed dollar amount:* for example, if your annual ongoing service and advice fees are \$11,000 per annum, or \$916.67 per month;

- *A percentage of the amount you invest:* for example, if you have \$1,000,000 invested, and our fee is 0.165%, the fees will be \$1,650 per annum or \$137.50 per month;
- *An hourly rate:* our current minimum rate is \$568.00 an hour.

Fees may be charged from your investments, via direct debit or invoice and may be payable on a monthly or annual basis.

Self-Managed Superannuation Fund administration

We offer administration and compliance support for self-managed superannuation funds (SMSFs).

The fee for this service is \$2,980 per annum and covers administration, tax return preparation, tax and annual return lodgement, independent audit, online reports and technical support. For those setting up a new SMSF, an initial fee of up to \$1,150 applies. Other fees may apply. Ask us for an SMSF brochure or service agreement for more detail.

Insurance products

We may receive commissions for life insurance products. For new policies, the maximum initial commission is 66% of the initial annual premium you pay and the maximum renewal commission will be 22% of the premium every year the policy is renewed.

For example, if your premium is \$1,000 and the insurer pays commission of 66% we may receive up to \$660.

Please note, if you have an existing policy the commission rates may be different, including more than that noted above. If we advise you to increase the sum insured on an existing policy, we will tell you what the commission arrangement is at that time.

Direct Securities

We may receive a fee for facilitating a placement of shares and fixed interest securities through either Initial Public Offerings (IPOs) or a capital raising. This fee is normally calculated as a percentage between 0.75% and 2.0% of capital raised and is paid by the underwriter and is not a direct cost to you.

For example, if we recommended you acquire \$20,000 of direct shares, the dealing fee may be up to \$400.

Investment products

We do not recommend investment products that pay commission

MANAGED DISCRETIONARY ACCOUNT SERVICE

We may offer you a Managed Discretionary Account (MDA) Service to manage investments held through your nominated investor directed portfolio services (IDPS) account(s) and/or your superannuation account(s) (both referred to as “platform”) on your behalf, in accordance with an Investment Program agreed with you. The Investment Program will be documented in a SoA which will detail our advice and how it will assist you in meeting your objectives.

Note that our MDA Service is not available to all clients.

Managed Discretionary Account Service

An MDA Service means we can transact on nominated IDPS account(s) and/or superannuation account(s) without contacting you before each transaction. It is therefore important that you clearly understand how we will exercise the discretion and the limits on it. You can tailor the service and apply further limits if you require. We will discuss this with you before we make any recommendations, and any limits will be documented in the Investment Program that is included in your SoA.

The Investment Program will comply with Division 3 of Part 7.7 and Div 2 Pt 7.7A of the Corporations Act, and will contain:

- Statements about the nature and scope of the discretions that we will be authorised and required to exercise under the MDA Service and any investment strategy that is to be applied in exercising those discretions;

- Information about any significant risks associated with the MDA Service;
- The basis on which we consider the MDA Service to be suitable for you; and,
- Warnings that the MDA Service may not be suitable for you if you provide limited or inaccurate information relating to your relevant personal circumstances or if your relevant personal circumstances change.

What important information and risks do you need to understand before you accept an MDA Service?

If you accept an MDA Service, we will make changes to the investments held through your nominated IDPS account(s) and/or superannuation account(s) without your agreement, and without consulting with or notifying you. This presents a risk for you as you will not sign off each transaction before it is implemented.

To ensure the changes we make are appropriate for you we will only undertake transactions which are consistent with our understanding of your relevant personal circumstances and the Investment Program that is established for you.

In addition:

- You can cancel the MDA Service or request changes to the Investment Program at any time by notifying us in writing.
- For direct equities investments in your portfolio only, we will notify you of corporate actions and you may give us instructions as to how to exercise your rights.
- To protect your interests, the MDA agreement does not allow us to have authority to

withdraw funds from the nominated account(s). Further, we are not authorised to transact funds held outside your nominated account

- We are required to maintain your portfolio within a specified range for each asset class. These limits on our discretion will be described in more detail in your SoA and Investment Program.
- You will be provided with access to online reporting for your investor directed portfolio services (IDPS) account(s) and/or your superannuation account(s) to view the transactions undertaken on your behalf.
- We will review the Investment Program once every 13 months or as required by ASIC Corporations (Managed Discretionary Account Services) Instrument 2016/968 (as amended from time to time) and the suitability of an MDA Service in light of your financial circumstances, needs and objectives.

How to accept our MDA Service

Should you wish to use our advisory services, we will provide you with a SoA which contains our recommendations to you. This may include a recommendation for you to use the MDA Service offered by us. If you would like to accept the MDA Service, you must first enter into an MDA Service

Agreement with us which is contained in your SoA. You will be required to sign the MDA contract which authorises us to transact on your account(s), in addition to the Authority to Proceed attached to the SoA.

Fees relating to our Managed Discretionary Account Service

We do not charge additional fees for our MDA Services. That is, if we were to invest your monies directly into the relevant regulated platform that contains your investments instead of doing so via our MDA Service, it would cost you the same. All our MDA Services are provided under our usual ongoing advice fees as described above and in our SoA to you.

Despite the fact we do not charge separately for our MDA Services we are required to provide the following prescribed fee disclosure:

The table below shows the fees and costs that you may be charged under the MDA Service. The fees and costs may be deducted from your linked cash account, from the returns on your investment or from the assets managed in connection with the MDA Service.

You should read all the information about fees and costs because it is important to understand their impact on your investments managed in accordance with the MDA Services.

DID YOU KNOW?

Small differences in both investment performance and fees and costs can have a substantial impact on your long-term returns.

For example, total annual fees and costs of 2% of your account balance rather than 1% could reduce your final return by up to 20% over a 30-year period (for example, reduce it from \$100,000 to \$80,000).

You should consider whether features such as the potential for superior investment performance or the provision of better member services justify higher fees and costs.

You may be able to negotiate to pay lower contribution fees and management costs where applicable*.

ASK THE FUND OR YOUR FINANCIAL ADVISER TO FIND OUT MORE

If you would like to find out more, or see the impact of fees based on your own circumstances, the Australian Securities and Investments Commission (ASIC) website (www.moneysmart.gov.au) has a managed funds fee calculator to help you check out different fee options.

*The FMD MDA Service does not charge contribution fees or management costs.

Note: The following fee summary and example is required by law.

The examples shown do not include the fees and costs of the platform and underlying investments acquired through those platforms. Additional costs will be charged by the issuers of the products that may be acquired as part of your MDA Service via your platform account. Please refer to the disclosure document for your platform for an explanation of the fees payable in connection with your platform account.
